“GREAT” Vehicle Rates Put You Behind The Wheel

Dreaming Of New Wheels? We Specialize In Making Dreams Come True. Great Vehicle Rates Put You Behind The Wheel

Ready for the open road this summer? You can be with a pre-approved vehicle loan from the credit union. Shop with confidence, knowing how much you can afford to spend and that you have the money in your pocket. And with the many online tools available, you can do a lot of legwork from the comfort of your computer or tablet. Sites like NADA or kbb.com (Kelley Blue Book) allow you to comparison shop for vehicles and price out options and accessories. Being armed with this information and a pre-approved vehicle loan, you are now ready to visit dealer showrooms. **Focus on "kicking the tires" and don't reveal how you are paying for the vehicle. Dealer financing is usually a profit center for the dealer, so keep your financing plans out of your negotiations until you are ready to sign the paperwork. Otherwise, the salesperson may try to make up any lost profit by up charging something else.**

Teaching Your Kids To Save

As a parent, you want your kids to learn all of the things they need to know to succeed in life. You make sure they do their homework, get some exercise, and spend quality time with friends and family. But one of the most important life lessons you can teach them is how to save money. Here are three tips to help you help your kids down the path to future financial security:

1. Open a kids account
2. Lead by example. Explain how you save money for future needs: vacations, retirement, emergencies.
3. Reward savings with a match. When your kids get money as a gift or for doing extra chores and then deposit a portion of it in their credit union savings account, match all or a percentage of that amount. So, for example, if your son receives \$50 as a birthday gift and puts \$20 in his savings account, you could add \$10 or \$20 as a bonus and incentive to save more in the future.
